Subject: Stormwater Training Services for  
Warner Robins, Georgia

Dear Mr. Owens:

## CITY CLERK

Alton Mattox

I wanted to take this time to express how much I have enjoyed working with you to develop a training course specific to our needs here in Warner Robins. The class, *Permit Compliance & Enforcement, A Practical Classroom and Field Experience*, was a perfect blend of classroom and field training.

## CITY ATTORNEY

James E. Elliott, Jr.

Those in attendance have expressed to me how well you brought the topic down to the level of the attendees. Those attendees, from Department Directors to Crew Leaders, all came away with a better understanding of the rules & regulations and how they should apply them in their jobs.

I appreciate your enthusiasm, professionalism and most importantly your ability to communicate with our staff.

Sincerely,

W. Walter Gray III, PE  
City Engineer
