RE: FOLLOW-UP MEETING FOR EROSION CONTROL LEVEL II RE-CERTIFICATION CLASS

Dear Mr. Owen:

I would like to take this time to express our company's sincere thanks to you for coming to our office and meeting with us today. You clarified some topics and areas of concern we discovered since implementing the 2008 NPDES Permit that were left unresolved in the re-certification class on March 31, 2008. We truly appreciate your concern in our knowledge and understanding of the new permit. We look forward to using your services in the future.

Sincerely,

John D. Bass, EIT
Senior Engineer

Charles H. Frost, Jr., P.E., R.L.S.
