We Start With Some of the BEST TRAINERS Around

FOR RECERTIFICATION

The background, experience and communication skills of our trainers are second to none and we see it in our [course evaluations](#) ! We've heard this more than once.... "Who would have thought an erosion class would be so enjoyable?" [Click Here](#) or Call Rita at 678-469-5120 to join us for an enjoyable, practical and educational training experience!

Don't forget to share with people looking for their **first certification**, we guarantee our training to new course

attendees, which means "THEY ONLY PAY ONCE"! We have never charged twice for people who need to return and take the test again! Spread the word to anyone who might be interested in getting certified!

This month's featured ONLINE COURSE!

TREES & CONSIDERATIONS FOR DESIGN AND CONSTRUCTION

We are proud to offer this course which was developed upon request from many of our students. We are fortunate to have one of Atlanta's top Landscape Architects (Joan Piccalo, PLA) develop the Trees Module in this presentation. Everyone who's taken it so far has loved it! Some say this one is the best online class they've taken. You tell us. We take our course evaluations seriously!
