## CENTRAL GEORGIA STORMWATER CONFERENCE

New Best Management Practices (BMPs) for Georgia will be demonstrated at the City of Griffin Stormwater Conference on October 9, 2013.

The City of Griffin generously offers this one day stormwater seminar Free of Charge for general contractors, builders, municipalities, engineers, consultants, site inspectors, and others. This year promises to be very interactive and information packed!

To **RECERTIFY for Level 1A, 1B or II**, attend a morning session that will introduce new BMPs demonstrated in the field in the afternoon. A Free Lunch & Field Manual plus 4 CEUs will be provided when you Recertify your Level 1A, 1B and Level II. Don't forget to use

**FISH with KIDS!**

code "GRIFFIN10" when registering, to receive your \$10 DISCOUNT.

This is an awesome opportunity to see first hand the new, old favorites, and emerging BMPs that if properly implemented can save money and keep the mud out!

*Before the Clean Water Act was passed, sediment, sewage, and chemicals caused America's rivers, like the Chattahoochee River, to be void of fish. As Americans, we cannot take our eyes off of the importance of water quality. **Respecting our neighbors downstream** is what we try to remind people! It's important that we sacrifice a little to give our future generations an equally great place to work, live, fish, hunt, and enjoy.*

***There is a lot happening today with water regulations that affect a diverse community of public and private entities. If you have areas of interest that you would like included in this newsletter, please contact us at 678-469-5120.***
